

MedOp Inc. Celebrates Grand Opening of Its New Company Headquarters In Oldsmar, Florida

Oldsmar, Florida (June 8, 2006) – MedOp Inc., a dietary supplement manufacturer, medical supply distributor and pharmaceutical supplier, celebrated on June 7th the grand opening of its new company headquarters in Oldsmar, Florida. In August 2005, MedOp Inc. moved to the new facility.

Over the past several years the company has expanded and has out grown the original location in Tarpon Springs, Florida.

Located at the Brooker Creek Corporate Center at 630 Brooker Creek Boulevard, Suite 350, the nearly 20,000 square foot facility features state-of-the-art manufacturing equipment that has been custom designed to maximize efficiency of workflow and increase production. The building's size allows MedOp Inc. to provide nutraceutical contract manufacturing services to other manufacturers.

The new facility features numerous encapsulation machines, liquid filling equipment, an automated packaging line and a large ultra modern offset conical blender. This equipment allows MedOp to mass produce and distribute its own product lines. The building also features a full-service call distribution center.

MedOp, Inc. is a leading dietary supplement manufacturer, medical supply distributor and pharmaceutical supplier. Founded in 1985, the company is dedicated to developing products for ocular health and overall well-being. In addition to these activities, the company also provides nutraceutical contract manufacturing services at its headquarters in Oldsmar, Florida. For more information on MedOp's products and services, contact MedOp Inc. at telephone: 888-290-6294,

fax: 727-938-8430 or visit www.medop.com.
